

DESCRIPTION

The Dean will provide Fund for Excellence Awards on a first-come-first-served basis for projects that illustrate work of particularly high quality, as measured by the criteria listed below. Although the funds are primarily intended for student projects, in certain circumstances particularly worthy faculty projects that benefit students may also be considered. All proposed projects should illustrate extraordinary learning and/or research activities. The Fund for Excellence is supported entirely by contributions from generous donors to the College of Fine Arts.

- Fund for Excellence Awards are not meant to replace what should be covered in the departments/school's base budget
- The relevant department/school must provide some funding for the project
